SCHOLERA

Hi Kiumbura Githinji,

We've reviewed your application for **MOBILE DEVELOPER INTERN** and we're excited to let you know — **you've been shortlisted**.

Your responses stood out and we'd love to move forward with you in our process.

YOUR TAKE-HOME ASSIGNMENT

Assessment

Congratulations for getting shortlisted, we're excited to learn more about how you build!

Your assignment is hosted here: <https://github.com/lucidopus/scholera-coding-assessments>

Head to the `assessments/` folder and open the file that matches your role:

- Applying for AI Engineer → `ai-engineer.md`
- Applying for Mobile Developer → `mobile-developer.md`

Read the full assignment carefully before you start. Everything you need, context, requirements, evaluation criteria, and submission instructions — is in that file.

This repository is read-only. Do not push your work there. Create a new public repository of your own and submit that link.

Once you're done, send your GitHub repository link and demo video to

patelharshil@scholera-inc.com

We'll take it from there.

Good luck — and feel free to reach out if anything is unclear.

DUE: APRIL 25, 2026

We'll be in touch with next steps shortly.

This is an automated message. Please do not reply to this email.

Best,
The Scholera Team
